The Best Bike built

THE ENFIELD CYCLE CO., LTD., REDDITCH.

Manufacturers of Cycles, Motor Cycle, and Motor Lawn Mowers

London Showrooms: 48, Holborn Viaduct, E.C.1.

No ordinary motor cycle tuned up, but a special model designed and made from end to end for fast road-work, either solo or with a side-car. Rocket-like acceleration and speed, plus stamina and reliability—that sums up the Royal Enfield "Bullet." Look out for this handsome machine with its twin exhausts, mudguards, large deep tank and head-lamp all in gleaming chromium plate; its tank panels and rim centres in red, and its polished crank-case.

Or, if you require a machine of similar character but of smaller capacity, enquire for the new Royal Enfield "250" and "350" Bullets. All three "Bullets" are shown in our Catalogue together with many other models. Please write for it.
