28th March, 1963

C A N T E E N

The Management feel that it is necessary to make certain economies in expenses and to this end it has been decided to close down the present Canteen building.

The Canteen will be closed this week and alternative facilities will be available in the old Fibre Glass Section with effect from Monday next, 1st April.

Access to this Canteen will be through a door leading from the Weighbridge drive.

It is proposed initially to run a Snack Bar service and a tariff of prices will be displayed at the counter.

Provision has been made for separate rooms for the Senior Staff and Foremen.
