## The very first Greek National Rally !

After the successful REOC International Rally in June 2023 the Greek branch decided to organize a new event for 2024 in Central Greece.

## Why Pelion?

Pelion is considered one of the most beautiful mountains in Greece, however it is not so well known thus making it an ideal place for those who seek tranquility, diversity and also love to immerse in the slow paces of the local area. Mount Pelion took its name from the mythical king Peleus, father of Achilles..

## What to expect?

A 3-days event to a well organized campsite by the sea!

- Daily Rides
- REOC Saturday's presentation
- Show and Shine
- Live music

**A more relaxed rally than the 2023 International!**

# Fly-ride to Athens?

Choose a flight to Athens?

**Athens International Airport Eleftherios Venizelos**, commonly initialized as AIA, is the largest international airport in Greece, serving the city of Athens and region of Attica. Think the idea to hire an Royal Enfield motorcycle from Athens and ride to the rally!

With a large fleet of Royal Enfield motorcycles, **GSTraveler** rental company provides to private customers or businesses access to the use of two wheelers by day or month.

**Special discounts for REOC members**

# Sikia Camping

The rally will be held at the Sikia campsite.

The sites of the camping are along the seafront and also in amphitheatrical places with panoramic view of the Pagasitic Gulf and the picturesque fish village of Kato Gatzea with its magical sunsets. The roads of the camping are stone paved, the terraces stone built and there is easy access to the places for every kind of camping vehicle.

There are also specially designed places to facilitate the use of solar panels or satellite antennas. The perennial olive grove and a variety of other trees offer their shadow. Specially designed sites are indicated for groups travelling with motorhomes, caravans or tents.
