

The Royal Enfield Owners Club

Newsletter number 13

May 2024

This Electronic Newsletter is only intended to give members information that is time sensitive and has missed the main Gun magazine deadline

This is a trial to see how The Electronic Newsletter will fit in between Gun production. So as the next Gun is not due out till 5th...ish of June in this modern age of technology it makes sense to keep up to speed and produce an electronic Newsletter for May with material of that Month only.

The next Electronic Newsletter will be for July then September then November.

The Gun dates are June then August then October then December. That takes us to the end of 2024 and we can assess how the system is working.
