Welcome to 2025 REOC Greek National Rally!

Dear rally friends,

First of all we would like to thank you for participating our National Rally.

Many of you will ride thousand of kilometers and others will come again in Greece after the two very successful Greek rallies in 2024 and 2023.

That is a great honor and joy for us.

For the first it will be a full 3-day event. So we advice you to leave on Monday June 2nd!

The REOC Greek branch will make the best to enjoy that very special event with many activities and connect all the Royal Enfield owners and enthusiasts around the world.

Delphi is a place of natural beauty but also of big archaeological & historical interest. The mountain of Parnassus and the temple of Apollo where the great Oracle named Pythia was asked about important decisions in the ancient world. The ancient site is recognized by UNESCO as a World Heritage site.

The ancient Greeks believed that the center of the world was at Delphi and was marked by a stone monument called the Omphalos (belly button) of the world.

For those who are interested, there will be a guided tour onto the ancient site and the many exhibits which will be found in the museum.

It's not about the destination, it's about the roads and the motorcycles that get you there.

Yours,

REOC Greek branch Organizing Team
