EDITORS NOTES

Hello All,

Thanks to everyone who has sent in contributions and hopefully this will continue so we can carry on with this electronic newsletter.

Please remember that this is another means of communication to members “in-between” the publication of “The Gun” magazine. We put a lot of effort into making this Electronic Publication but we need your contribution whether it be a travellers tale, modification to your bike or Branch goings on, so please take the time to send us something.

You know you meet the nicest people on a Royal Enfield. I was out on my bike the other day and stopped at my favourite coffee shop in St Fillans. Sitting in the sun with my cappuccino I heard the familiar beat of a single and it was a 350cc Classic ridden by its 83 year old owner. We had a rare blether about Royal Enfields and he absolutely loves his. So, with this spell of fine weather get out on your bike but remember to write to us here with your story in the Electronic Newsletter.

Andrew King says “Down-south I’ve been busy running-in a three year old RE 350 classic that had just 700 miles on it ! Luckily a trip to Exmoor doubled that, so it is now time for an oil change . You could almost feel the bike saying to itself “boy this is fun” !!

RENEWAL NOT RECEIVED - IS THIS YOU?

Amongst the renewal payment envelopes I received on Saturday 19th April was a Royal Mail notification card of a £5.00 fee to pay for no stamp / underpayment. I have not paid this fee so if it was you, I have not received your renewal. By the time you read this, all cheques received in April will have been banked, and card payments processed for those who sent these details. If you renewed via Royal Mail during April, you need to check your bank/card account to see if the payment went through.

If it hasn't, you need to contact me on the phone number printed on page 3, or send another payment in the post. If it was an application for membership, this message is a waste of time of course!

International Rally Older Enfield Experience March 25

Do you own an older Enfield? We are appealing to members who own older machines to allow other members to have a chance to ride them. Many current members of the club will only have ridden the more modern machines. This is an opportunity for club members with older machines to give these people a chance to experience the joy of riding an older bike. We hope that this may encourage members to buy their own older machines in the future thus helping to ensure the longevity of the 'classic' element of the club.

We now have about half a dozen machines available including my recently purchased 1936 KX1140, we would welcome more. Any British, older Indian machines or the American assembled Enfield Indians would be welcome in fact any motorcycle with an Enfield engine.

This would take place on the main drive of Baskerville Hall at very low speeds. Riders would have to show an appropriate current driving licence, insurance and wear suitable clothing. Machines would need to be roadworthy and insured. Please contact: reoc.pro@gmail.com if you could help us provide this opportunity to keep the Enfield Owners a truly inclusive club..

Trade Advert Metal Polishing

Free E-book for fellow club members detailing all you need to know about metal polishing
(and whether it's worth having a go yourself).

This is the exclusive, first release of this e-book. Every basic principle of the polishing process is covered, plus an important section on DIY polishing kits.

Contents include:

- ◆ The truth about DIY polishing kits.
- ◆ Why 'shiny' doesn't necessarily mean good quality work.
- ◆ Common mistakes beginners make.
- ◆ How to spot low quality and high quality work.
- ◆ Health and safety aspects – critical information you must understand.
- ◆ 240v bench top machines vs. 3-phase.
- ◆ DIY polishing vs. paying a professional.
- ◆ What you're paying for when having polishing done.
- ◆ Common issues with various types of metal.
- ◆ Types of finishes available.
- ◆ What goes in to preparing parts before polishing starts.
- ◆ Why a super-bright finish isn't always desirable, and why I don't encourage clients to choose this.
- ◆ Flat vs. 'true flat' - they aren't the same thing - one looks great, one doesn't.

There is a space for a sticker with local branch details.

Please could local branch contacts email me with: How many copies you would like, what you would like printed on the sticker, what address you would like them sent to? Thank you.
