## EDITOR'S NOTES

Hello All,

November is upon us and again, here's your "interim" Newsletter.

Thank you once again to the Branch scribes who have diligently sent in reports and are happy to have the earlier of them published here as there is limited space in The Gun. There is also much more room here for all those accompanying photos, which is also the case if you have a "For Sale" advert. You know the saying, "A picture is worth a thousand words", and there is definitely not enough room for that!

Looking back it has been a good year for us here, and with a bit of luck, you too have been able to experience the same. Hopefully there haven't been too many problems, mechanical or otherwise, going on with your bike(s), or your life for that matter! I trust you're looking forward to 2026 and whatever it may bring. In the meantime, you've still got time to leave a wee hint for a Christmas present! Club Merchandise on pages 20/21 could give you some ideas!

It just remains to say "Merry Christmas" and "All the Best for The New Year!"

Editors Paula and Doug.

**1970 Rickman Metisse By David Greensil NZREOR foundation member #12**

In late 1968 the Royal Enfield Interceptor Series II was launched. The engine, although based on the Series I, was a true wet sump with one oil pump. The new timing cover housed the points and no longer extended back for a magneto.

With the company stopping production in 1970, 137 Interceptor Series II engines remained. These were picked up by the Rickman brothers Derek and Don, who had started their business in the 50's as independent motorcycle chassis constructors, briefly becoming the second largest motorcycle manufacturers in Britain in the mid 70's. Rickman Motorcycles operate as MRD Metisse today. Bob purchased this Rickman from Elite Motors in Tooting in 1973 and directly imported it to New Zealand. Purchase price was £600, plus customs etc, total cost \$NZ1395.00.

**The Kiwi Bulletin**  
**No. 153 October 2025 Thanks to Lew Martin**

I was on leave from the navy in late 1981 when Shorty Clement asked me if I wanted to join him in having a look at a bike for sale in Palmerston North. I was on the point of buying a beautiful Norton 650SS at the time (half the price of the Rickman). I purchased the Rickman instead. My father gave me a lift back to Palmerson North a couple of weeks later cash in hand. Unfortunately, my father left Bob's place with my wallet in his car. Bob not only gave me the keys with no cash down, he also lent me \$20 for petrol and a pie on the way back home to New Plymouth. What a gentleman.

The Interceptor engine is rated at 56 BHP and the Rickman weighs 170 KG. With a low centre of gravity and disc brakes front and rear, it'll eat Norton Commando's for breakfast. I know because I once owned a Norton Commando. Bob reckoned it'd give Suzuki GSX 1000's a run for their money.

Being at sea, then working construction at Motunui and Glenbrook, then having a family meant the Rickman hasn't been used much, something I hope to change. However, VTNZ damaged the side stand when doing a WOF in 2016. The chap assigned to doing the repairs made a few errors, so we have been sorting these out.

It needs new exhaust pipes and mufflers, then I'll refit the rear sets I made years ago. You wouldn't call the seating position comfortable with standard foot pegs, unless you are Lew's height maybe. Lew gave me a centre stand so hopefully the side stand won't get damaged again.

*Photo Sept 2025*

I've spent the last six years on a K100 with an electric start. Since the above picture was taken, I've developed a sore spot on the sole of my right foot. Welcome to the joys of a kick starting again.

Does anyone have a paddock starter for sale?

David Greensill

**Branch Report—Suffolk Meet 1st Saturday of the month at The White Horse Lemons Hill Tattlingstone Ipswich IP9 2N Contact Stephen**

Goodbye summer, hello autumn. Saturday 06/09/25 was the Suffolk Branch first meeting of autumn. Three members attended The Farmhouse, Kesgrave for our pre meeting breakfast. I was not amongst them as I was helping Neal and Tony set up our Suffolk Branch stand at the Copdock Motorcycle Show, ready for Sunday. We were joined by Paul, (he of Norfolk Branch Secretary fame), making a truly Norfolk / Suffolk Branch cooperation.

When all the heavy lifting was finished, I made my way to the branch meeting, with Paul joining us about 15 minutes later. In all, there were 13 bikes in the car park and 15 members in total attending the meeting. With winter approaching, I imagine the number of bikes attending will start to drop, but hope members continue to attend. We accept cars.

On Sunday, we had an equal collection of British and Indian bikes on the Stand. Four of each, dating from the 1930's to the 2020's. A number of REOC leaflets, both for the Norfolk and Suffolk Branches, were handed out during the day. If half of the recipients join, 20 new members will join the Club, 10 for each Branch.

If you have never been to the Copdock show, I highly recommend it. Lots of trade stands, auto jumble and motorcycle displays along with Club Stands.

I believe our stand and display members did a good job promoting the REOC. Unpack your waterproofs and winter gear and enjoy your riding.

Stay safe.

Leo Nelson (MNS)

Do you want to share information, seek technical advice or make contact with other Club members? **Royal Enfield Owners Club Est. 1977** is our own growing and successful "closed" Facebook group for Club members only, policed by Club Committee Members. We look forward to hearing from you!

**Branch Report—South Lancashire**

**Meetings: First Tuesday of the month, 7.30 - 10.00pm**

**Pack Horse Inn, Birtle Road, Heywood, BL9 7TU**

**Email:- [sheila.heywood@gmail.com](mailto:sheila.heywood@gmail.com)**

Many of us attended the Red Rose Rally; a great event. See the separate article on page 9.

We are settling into our new HQ, the Pack Horse very well. All's good there. Indoor and outdoor seating and plenty of space to park within full view of "our"

room. A successful One-Ride day: From the Pack Horse at 10 o'clock and on to Barton Aerodrome, a convoy of 21 attended to make it a great event. Full breakfast available on arrival at the aerodrome and a lot of interest shown in the variety of Royal Enfield models. Five from the South **Lancs group attended the October Fest Rally**, with reports of a good site and, in fact, good all round. Lots of rides, including one to the Noggarth Tea Gardens, Burnley. *(Photo)* Just one of many! Who's that shepherd with the dog?!?

4th November ~ Meeting at the Pack Horse. The last one before the Christmas Meal... Bring your £10 per person deposit if you've not paid yet! (Balance to be paid on the night.)

9th November ~ Remembrance Sunday Ring of Red round the M60. Details on Whatsapp. Anybody remember the photo taken outside the Birch Hotel, just before a previous Ring of Red!

2nd December ~ Christmas meal and Quiz at the Pack Horse. Arrive about 7pm, sit down to eat at 7.30.

Chris Robinson (MNS) Email:- [chris.robinson1956@gmail.com](mailto:chris.robinson1956@gmail.com)

A selection of photos from the October Fest Rally attended by the South Lancs. Branch

## LANCASHIRE RED ROSE RALLY

The Red Rose Rally was superb. Well organised by Steve... a lot of work went on in the background; Sheila presented him with a Rally themed mug. A token only, but very much deserved. Great weather, live music in the evenings round the open fire; lead guitarist and singer, Lee Baylis. Ride-outs through fantastic countryside led by Edward Jago and Dave Hill. Lots of cooperation between members when bikes were requiring attention and an extremely nice fish 'n' chips run. Quiz winners, Bill and Mick. People arrived from far and wide: Furthest travelled, Simon Woods. (330 miles) Hoping for much the same next year!

## Branch Report - South Oxfordshire

Meeting at the Red Lion, Drayton, OX14 4JB, on the first Thursday of every month at 7.30pm contact Andrew King  
Email:- [aking.kds@gmail.com](mailto:aking.kds@gmail.com)

As the summer draws to a close we can reflect on a great season for biking. Despite slightly inclement weather at times our hardy members have availed themselves of the beauty of our country roads and the variety of local hostleries. The International Rally witnessed six branch Enfieldisti riders venturing into the depth of Wales.

Opting for a combination of 'eco-camping' and 'luxury bunk-housing' a good time was had by all. Activities pursued ranged from gentle road riding, though to the more adventurous members availing themselves of the off-road trail riding opportunity. The chairman even finding a nice peaceful Country Fair on the Sunday in which to relax his weary head and indulge in the local delicacies.

If this all sounds good fun, and you live within the bounds of South Oxfordshire or the nearby West Berks then just pop along to Red Lion on a club night and say hi.

Andrew King (MNS).

# ROYAL ENFIELD

## Rally Report—Octoberfest Rally Aston Cantlow

Fine dry weather treated the Octoberfest rallyists kindly once more at Island Meadows campsite and caravan park, Warwickshire, where swans, geese and chickens roam as freely as the campers, making a rather rural atmosphere. Katherine’s well-stocked shop sells fresh pastries, bread and breakfast baps in the morning to complete the experience. Mike Sliwowski’s event attracted around forty rallyists this year including overseas riders from the Netherlands and the Isle of Wight. Amongst the usual mix of old and new machines was the most immaculate and skilfully modified Airflow Constellation, ridden by Barry Carson from the estate of a deceased club member and a weathered Model-T of just 150cc that transported owner and camping gear.

Walking the well-trodden footpath from the campsite through the churchyard and past the timber-framed village hall, which was once a wool trading centre frequented by W. Shakespeare’s father, to the Aston Cantlow Club for a beer or two is popular in the evenings. Hearing about our planned ride on Saturday morning, the manager requested that we stopped at the club for him to take a group photograph, to which we obliged, marshalled into position by the ever efficient Sergeant Major Carl. Apparently one of Christopher’s photos of the REOC will be hung at the bar for our return next year.

## Rally Report—Octoberfest Rally Aston Cantlow

Mike then led a scenic ride through rural Warwickshire, Worcestershire and into Gloucestershire to the Bugatti Trust Museum at Prescott Hill, where we were entertained by the Trust Chairman with the history and anecdotes of the famous designer, Ettore and his family; who knew that his brother, Rembrandt Bugatti was a highly accomplished sculptor and artist?

A guided tour of the museum gave a fascinating insight into Ettore's ingenuity through the display of complete cars, engines and even

railway locomotives. The Hobnails Inn provided a welcome lunch stop on the return ride to camp using the drop-off system through Toddington, Broadway Tower and across the bridge at Welford on Avon. Simon Woods on his 350 combination seems to be getting used to the rear guard position, behind the back-marker.

All too soon it was Sunday and time for most tourists to break camp and head home. Having visited the railway sheds at Toddington last year and the Bugatti museum this time, will Mike be able to maintain this high standard in October 2026?

The Rallyist (MNS)

## Bristol Show Shepton Mallet 21—22 February 2026

### Bristol show Shepton Mallet 21—22 February 2026

The Somerset & Dorset Branch have organised, and will operate a stand at this prestigious event. (for single cylinder) Enfields, Please call in and see us; a friendly face, and tea and coffee on the go all day..

## BMF News Update September 2025

### The monthly news round-up, Lobbying Update

Following the recent Government re-shuffle new DfT Ministerial responsibilities have now been confirmed. The roads brief and related transport issues have now been split between three ministers with Lillian Greenwood remaining the key Minister for road safety. The new division of Ministerial responsibilities is as follows:

Lillian Greenwood: Parliamentary Under-Secretary of State (Minister for Local Transport, including Road Safety and Active Travel)

Keir Mather: Parliamentary Under-Secretary of State (Minister for Aviation, Maritime and Decarbonisation)

Simon Lightwood: Parliamentary Under-Secretary of State (Minister for Roads and Buses, including AVs)

We still await the outcome of the Government's Integrated National Transport Strategy, to which the BMF and the National Motorcyclists Council (NMC) previously provided detailed responses, and of the new Road Safety Strategy, where any meaningful consultation with stakeholders is yet to take place. The Government's proposed date for publication of both strategies remains the end of this year. The BMF has been advised that the long-awaited review of motorcycle licensing and training is still under "active consideration" by Ministers, but as yet no further details have emerged.

We have pressed officials for an update on all of these important issues for motorcycling and voiced the BMF's frustration at the lack of any tangible progress to date. The BMF and NMC continue to press for clarity from Ministers on the development of future transport and road safety strategies and we continue to make clear that future road policy development must be underpinned by a genuine partnership approach with the motorcycling sector. The Chair of the BMF, Jim Freeman has also written officially to senior DfT officials setting out the BMF's concerns and frustration at the apparent lack of progress. The NMC and BMF will be seeking a meeting with Minister Lillian Greenwood to discuss matters further and seek both clarity and ambition from government on its future plans for motorcycling as part of a genuinely integrated future transport model.

The BMF's Anna Zee submitted a detailed response to the Government's "Call for Evidence" on preparing a statement of safety principles for automated vehicles which will support the regulatory framework for the future roll-out of automated vehicles on the UK's roads as set out in the Automated Vehicles Act 2024.

## In Other News

Some good news to kick off with this month - Snake Pass has been saved! The legendary A57 over the Pennines was facing complete closure thanks to landslips which were undermining the twisty tarmac. The Department for Transport has now stumped up £7.6 million for stabilisation and other improvements. Meanwhile, Surrey Police are cracking down on illegal driving and riding – Operation Downsway, an annual summer campaign across Surrey and Sussex. Surrey Police stopped 407 motorcyclists and 394 drivers. Downsway targets speeding, not wearing a seatbelt, phone use while driving, drink/drug driving and careless driving.

The Welsh 20mph limit appears to have reduced casualties. Not everyone loves the ‘Welsh 20,’ but since the limit was introduced in September 2023 (yes, it’s been two years already) casualties across Welsh roads have dropped by 25%, with 14 fewer deaths. Welsh local authorities now have greater powers to revert to a 30 limit where appropriate. While speed limits head downwards, there are fewer police on UK roads – the number of traffic police has fallen by over 20% since 2015. Less than 4000 now compared to just over 5000 a decade ago.

Sadly, the closure of motorcycle dealerships continues, and the latest appears to be multi-outlet dealer M&P. One of Britain’s leading dealerships, M&P was bought by an investor group earlier this year, but its Swansea outlet and H-D dealership have since closed, and the company’s website is now under ‘temporary closure,’ putting this down to a store update or website maintenance. Whilst we’re on gloomy news, the electric race series MotoE has been put on hold until further notice. The FIM and organisers Dorna Sports blamed a lack of following to continue with the 2026 season. And the training industry is suffering from a shortage of instructors, according to Phoenix Motorcycle Training. Phoenix reckon they could have trained up more new riders this year, if they’d had enough instructors.

And finally, how did you pay for your bike? PCP, traditional finance, buy outright? Well now there’s another option – leasing. Leasing comparison site [Leasing.com](https://www.leasing.com), which already offers lease deals on cars and vans, is now offering a similar service for motorcycles and scooters – a Honda CB1000 would set you back £177 a month. It’s currently for fleets only, but leasing for private buyers is on the way.

Peter Henshaw [editor@bmf.co.uk](mailto:editor@bmf.co.uk) REOC BMF Rep Patrick Hurley [cowpat17@yahoo.co.uk](mailto:cowpat17@yahoo.co.uk)

## New Promotional Leaflet

The club has had some quality promotional leaflets printed. The idea is that they will be sent to branches who can then distribute them at shows, to motorcycle friendly cafes, local dealers or to Enfield riders they meet.

There is a space for a sticker with local branch details.

Please could local branch contacts email me with: How many copies you would like, what you would like printed on the sticker, what address you would like them sent to? Thank you.
